Monica Boehmer, DDS, PC has firmly established itself as a leading family and cosmetic dental practice in the Duke City, faithfully serving the Albuquerque community for over a quarter of a century. Driven by an unwavering commitment to providing unparalleled personalized care, this practice has earned a solid reputation throughout the region.

At Monica Boehmer, DDS, PC, the primary focus extends beyond delivering top-tier dentistry and education; it is centered around offering compassionate service. Dr. Boehmer firmly believes in actively involving patients in the decision-making process to determine the most appropriate approach for achieving their oral health and aesthetic objectives. Dr. Boehmer emphasizes that the cornerstone of their practice lies in prioritizing the individual patient and addressing their unique needs. Consequently, the techniques and methods employed are customized to each patient, eschewing a standardized approach to diagnoses and procedures. Embracing a holistic viewpoint, the practice acknowledges the interconnectedness of oral health and overall well-being, recognizing that the condition of the oral cavity can have far-reaching effects on the entire body.

Monica Boehmer, DDS, PC boasts a highly skilled and collaborative team that works harmoniously to deliver comprehensive dental care. Their services cover a wide range, encompassing routine hygiene maintenance, including thorough oral cancer screening and meticulous care for both hard and soft tissues, as well as more extensive treatments like full mouth reconstruction. Additionally, the practice provides a diverse array of routine care services, including but not limited to fillings, crowns, implants, veneers, bridges, laser gum contouring, and teeth whitening.

If you are seeking a dental practice that seamlessly blends exceptional dentistry with unparalleled customer service, your search ends here with Dr. Boehmer and her dedicated staff. Waste no time in contacting them today to experience the perfect fusion of top-quality dental care and exceptional patient service.
